

## Industrica 2-Way Divertor

Inspired by the raw Industrial Era, the Industrica collection looks back through time to offer a sophistication of its own.

Embracing natural materials, the architectural lines and organic textures express a whole new aesthetic language. The repetition of circular shapes enhances the industrial feel, while presenting a distinct style and a unified modern form for all urbanities.

Features: 2-way diverter to bath or shower. Must be used in conjunction with wall taps.

Finish: Available in all Brodware finishes.

Installation: Inwall body is provided and must be fitted during rough-in.
