

## Verso Bench

Verso by Antoni Lupi is a perfect circle, drawn by the thin edges of FLUMOOD®, a geometry that creates a shadow basin. A total light picture, a measured balance which competes with the absence of the base, which almost disappears from view. A washbasin that marries contemporary new modules, the homogenous lacquered finishes, the sophisticated and fine details, sharp and precise tracks.

Dimensions: 500 D x 120mm H

Colour: White

Material: FLUMOOD®

Waste: non-closeable plug included
