

Infini C 24 Mirror w/ Light

This magnifying lighted mirror is supported by a double arm that permits you to adjust the mirror both vertically and horizontally. The mirror can extend up to 44 centimeters (17 5/16 inches) from the wall. Functional and long-lasting, it is highly appreciated for its exacting manufacture. The 6-watt compact fluorescent bulb is highly energy efficient (life 6,000 hours). The lighting color ("lumière du jour") was chosen to best approximate daylight and therefore is most suitable for applying makeup. Designed and manufactured in Paris, France.

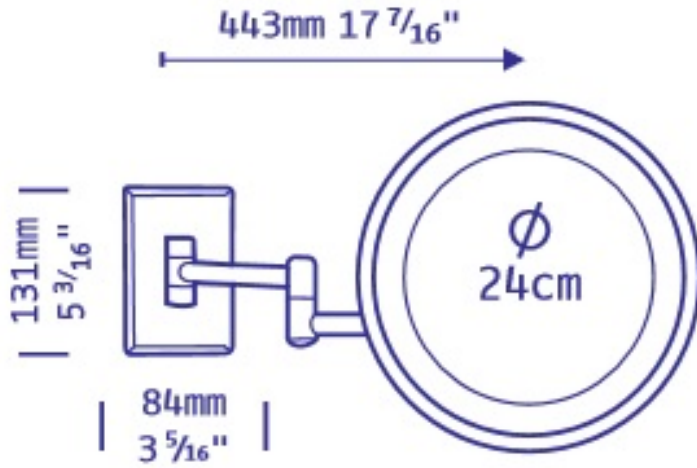

Finish: Chrome or Satin nickel

Magnification: 5x

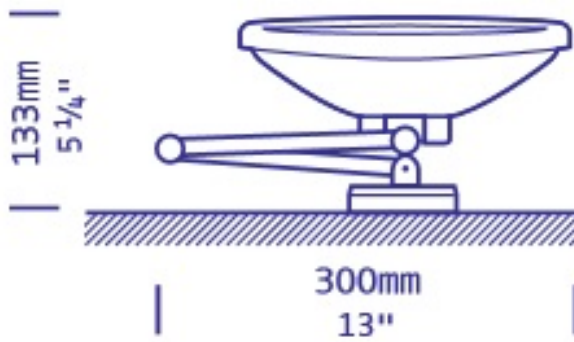

Dimensions: 240 D x 445mm extension
