

Latis Oval Bath

The gorgeous Latis oval bath by Omvivo is an elegantly sculptural piece following the curvaceous lines of the Latis round and rectangular basins. Created from solid surface, this freestanding bath is luxuriously deep and will suit both contemporary and classic spaces. The Latis oval bath was designed to partner the Latis trestle and basins to make a complete suite of luxury pieces for the bathroom. The bath complements the sculptural form of the basins whilst the trestle vanity with its clean angled lines contrast and enhances the soft curves of the basins and bath. The bath is supplied with a white solid surface pop up plug and waste and has an overflow.
