

## Beck Basin

The Beck basin by Merwe is a round drop-in bathroom basin with a unique ocean patina. This basin is made in Australia and designed by an Australian designer. Furthermore, the patina develops with time and the basin reacts to the environment in your home as well as with the metal. Every basin will look different.

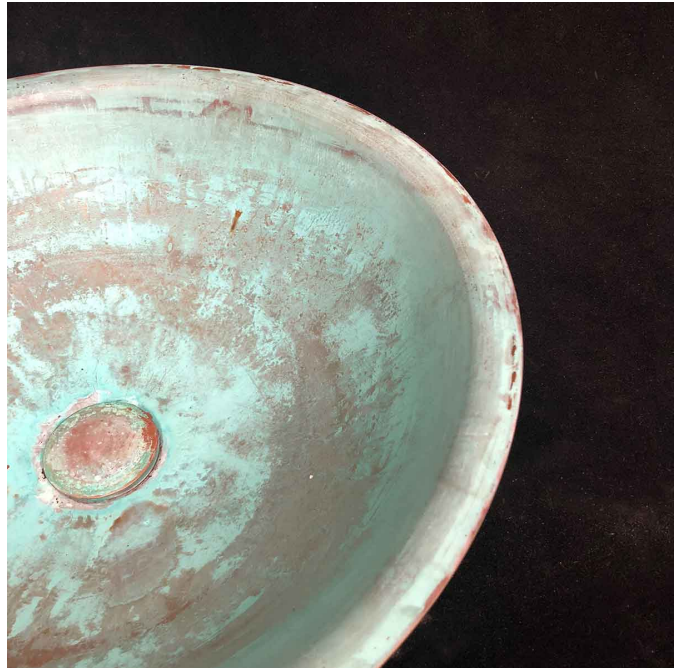

All of Merwe's bathroom products are named after water bodies. According to Wikipedia, Beck means a small stream.

Dimensions: 430 D x 135mm H

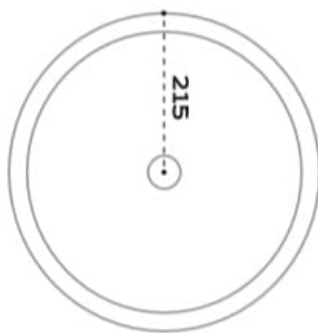

Material: Solid brass
