

## Cove Basin w/ Overflow

The Cove basin by Merwe with an internal overflow is available in gloss and matte Solid Surface finish. Merwe supply the variety of materials in bathroom basins, to suit your personal requirements. Finally, but not the least all Merwe's bathware are designed in Australia.

For interest sake, all Merwe's bathroomware are named after waterbodies. Specifically, The Cambridge dictionary says that the cove means the curved part of a coast that partly surrounds an area of water. To explain, the Cove basin is curved, and therefore we thought that this will be an appropriate name for the oval basin.
