

Stratos 2 Bench/Wall Basin

The sharp lines and the rigorous external geometrical shapes of the Stratos 2 by Antoniolupi are softened with the fluidness of the internal shape of the basin. Stratos is a mixture of two souls integrated in an elegant and harmonious manner. Its rigid perimeter expresses safety and solidarity protecting an organic interior that extends without interruption.

Stratos can be wall or counter top mounted.

Dimensions: 630 W x 400 D x 125mm H

Colour: White (can be lacquered externally)

Material: Flumood®

Waste: non-closeable plug included
