

Eldon Bath

Eldon by Victoria & Albert is the creation of leading British Architecture and Interior Design Studio, Conran + Partners, who have applied their expertise learned through designing some of the world's top hotels and residences.

The contemporary back-to-wall freestanding bath is endowed with the curvaceous lines of a freestanding bath. A full width tap deck hides all waste pipework and a moulded upstand allows tiles to be easily installed.

At 1750mm long, it's the perfect bathtub for bathrooms large and small where clean lines and day to day practicality are equally important.
