

Reflex Bath

A new resin with extraordinary technical characteristics designed to give lightness yet at the same time solidity to bathtubs and washbasins. A material that makes it possible to create soft and welcoming shapes and to restore the role of protagonist to water. The transparency of the surface makes it possible to observe the flow of the liquid, to read its movements, to follow its strength. After the launch at the last Salone del Mobile, Antoni Lupi has developed nine new trendy colors that are added to the Fumè proposal, thanks to which identity is awarded to the item, integrating it best in the context of bathroom style.

Thus Nebbia, Ocra, Bottle, Petroleum, Ginger, Cobalt, Sangria, Amber and Lime, and then Oleo Gran Cru & Ceruleo shades were born which give color, elegance and liveliness to the plastic volumes made in Cristal mood. The chromatic variations that follow the geometry and the curved lines of washbasins and tubs give plastic behavior to the elements in a constant dialogue with the light.

Dimensions: L 1670 x W 860 x H 530mm

Weight: 155kg

Waste: Overflow waste supplied with bath

Material: Cristal mood

Colours: Fumé, Sangria, Petrolio, Ocra, Nebbia, Lime, Ginger, Cobalto, Bottiglia, Ambra, Gran cru, Ceruleo, Oleo

Capacity: 350L
