

Belfast 60 x 46 Fine Fireclay Butler Sink

The Belfast fine fireclay butler sink includes a working internal integrated overflow. Made in Europe, the high quality fireclay and glazing is highly durable and thermal shock resistant, meaning it can withstand fast changes in temperatures such as boiling water on a cold morning. The sink is highly stain, scratch and chemical resistant, making it more hygienic than most sinks on the market.

Adding to the unique beauty of this sink is it's fine fireclay composition, which is a stronger and less brittle product than ceramic, making it highly durable against the impacts of daily washing up. With a lifetime warranty, you cannot go wrong with a Turner Hastings sink. It includes a free basket waste to suit, please note this basket waste is 50mm and will not suit our 90BW basket waste. Protect the base of your sink - use the rubber sink mat (purchased separately).

Dimensions: 595mm W x 455mm D x 222mm H

Capacity: 39L

Colour: White gloss

Tapholes: 0 taphole

Waste: Supplied with 50mm overflow basket waste
