

## **Chester 80 x 50 Double Flat Fine Fireclay Butler Sink**

The Chester double bowl sink is the only one in the Turner Hastings range with a tap landing and tap hole option on the sink! This allows you to fit the sink into narrower bench tops where there is no room for the tap behind the sink. Made in Europe, the high quality fireclay and glazing is highly durable and thermal shock resistant, meaning it can withstand fast changes in temperatures such as boiling water on a cold morning. The sink is highly stain and chemical resistant, making it more hygienic than most sinks on the market. Adding to the unique beauty of this sink is its fine fireclay composition, which is a stronger and less brittle product than ceramic, making it highly durable against the impacts of daily washing up. With a lifetime warranty, you cannot go wrong with a Turner Hastings sink. It includes two free basket wastes to suit. Protect the base of your sink using either the stainless steel grids custom made to suit the Chester bowls, or use the rubber sink mat (both options are purchased separately).

Dimensions: 793mm W x 491mm D x 195mm H

Capacity per bowl: 30L

Colour: White gloss

Tapholes: 0 or 1 taphole

Waste: Waste with overflow kit included for 1 taphole sink, 2 x 50mm basket wastes included for 0 taphole sink

Features: Suitable for use with food waste disposer - we recommend purchase of an extended flange and a model with anti-vibration collar
