

Galdor 60 x 41 Fine Fireclay Sink

The Galdor sink is the most economical butler style sink we offer – this is because it is made in a more economical way – the edges taper slightly out, which also adds to its handmade character. Made in Europe, the high quality fireclay and glazing is highly durable. This sink is thermal shock resistant, which means it can withstand fast changes in temperatures such as boiling water, which makes it stand out from other sinks on the market. The sink is highly stain, scratch and chemical resistant, making it more hygienic than most sinks on the market. Adding to the unique beauty of this sink is its fine fireclay composition, which is a stronger and less brittle product than ceramic, making it highly durable against the impacts of daily washing up. With a lifetime warranty, you cannot go wrong with a Turner Hastings sink. It includes a free basket waste to suit. Protect the base of your sink – rubber sink mat available (purchased separately).

Dimensions: 590mm W x 405mm D x 180mm H

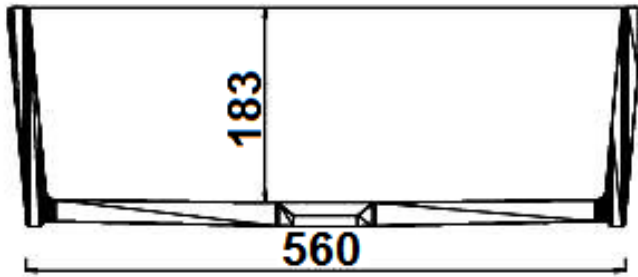

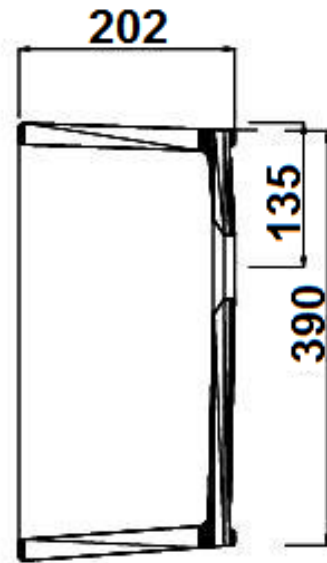

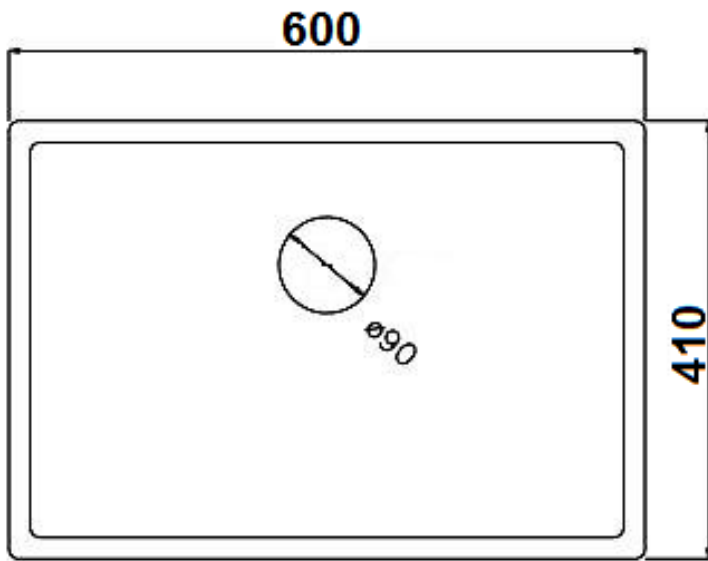

Capacity: 36L

Colour: White gloss

Waste: 90x50mm Basket Waste included

Features: Suitable for use with food waste disposer – we recommend purchase of an extended flange and a model with anti-vibration collar
