

Novi 50 x 46 Fine Fireclay Butler Sink

The Novi 50 sink is one of the shortest width butler sinks on the Australian market, but still a great depth, perfect for butlers pantries!

Match it with a larger sink from the Novi range in the main kitchen to complete the look. Made in Europe, the high quality fireclay and glazing is highly durable. This sink is thermal shock resistant, which means it can withstand fast changes in temperatures such as boiling water, which makes it stand out from other sinks on the market.

The sink is highly stain, scratch and chemical resistant, making it more hygienic than most sinks on the market. Adding to the unique beauty of this sink is it's fine fireclay composition, which is a stronger and less brittle product than ceramic, making it highly durable against the impacts of daily washing up.

With a lifetime warranty, you cannot go wrong with a Turner Hastings sink. It includes a free basket waste to suit. Protect the base of your sink - use the stainless steel grid or rubber sink mat (purchased separately).

Dimensions: 508mm W x 457mm D x 254mm H

Capacity: 41L

Colours: White gloss, White matte, Black matte

Waste: 90x50mm Basket Waste included

Mounting options: Butler (front showing), Counter Top, Under Counter (framework required). This sink is reversible, so it can be installed with flat or ribbed/farmhouse side facing out.

Features: Suitable for use with food waste disposer - we recommend purchase of an extended flange and a model with anti-vibration collar
