

Novi 85 x 46 Fine Fireclay Butler Sink

The Novi Double boasts an intelligent double-sided design ribbed front on one side and flat front on the other. This allows you to install it either way to suit your kitchen design. The ribbed side gives it a Heritage handmade look while the flat side is more subtle working well in contemporary kitchens. Made in Europe the high quality fireclay and glazing is highly durable and thermal shock resistant meaning it can withstand fast changes in temperatures such as boiling water on a cold morning. The sink is highly stain scratch and chemical resistant making it more hygienic than most sinks on the market. Adding to the unique beauty of this sink is it's fine fireclay composition which is a stronger and less brittle product than ceramic making it highly durable against the impacts of daily washing up. With a Lifetime warranty you cannot go wrong with a Turner Hastings sink. It includes two free basket wastes to suit. Protect the base of your sink - use the rubber sink mat (purchased separately).

Dimensions: 848mm W x 457mm D x 254mm H

Capacity per bowl: 34L

Colours: White gloss, White matte, Black matte

Waste: 2 x 90x50mm Basket Wastes included

Mounting options: Butler (front showing), Counter Top (glazed on all 4 sides), Under Counter (framework required). This sink is reversible, so it can be installed with flat or ribbed/farmhouse side facing out.

Features: Suitable for use with food waste disposer - we recommend purchase of an extended flange and a model with anti-vibration collar
