

Lusitano 120 x 50 Inset Fine Fireclay Kitchen Sink

The Lusitano is a great luxury alternative to a stainless steel sink boasting two large bowls and a drainer. Made in Europe the high quality fireclay and glazing is highly durable. This sink is thermal shock resistant which means it can withstand fast changes in temperatures such as boiling water which makes it stand out from other sinks on the market. The sink is highly stain scratch and chemical resistant making it more hygienic than most sinks on the market. Adding to the unique beauty of this sink is it's fine fireclay composition which is a stronger and less brittle product than ceramic making it highly durable against the impacts of daily washing up. With a lifetime warranty you cannot go wrong with a Turner Hastings sink. It includes two free basket wastes to suit. Protect the base of your sink - rubber sink mat available (purchased separately).

Dimensions: 1205mm W x 500mm D x 200mm H

Capacity per bowl: 24L

Colours: White gloss

Waste: 2 x 90x50mm Basket Wastes included

Taphole: None or One (left hand or right hand drainer)

Options: Suitable for use with food waste disposer - we recommend purchase of an extended flange and a model with anti-vibration collar
