

Yarrow Kitchen Mixer w/ Spray Rinse

The Yarrow is a classic tap that features subtle traditional detailing and practical design. Mixing water temperatures is made simple by a single porcelain lever. The large swan neck spout and refined ribbed details makes it an elegant addition for kitchens, bars and laundries.

The additional bench-mounted spray rinse tap features a flexible 1.2m hose and a simple diverter button which can be activated with a press of your thumb. The water ceases to run through from the main tap, activating the spray rinse to make filling pots, rinsing vegetables, watering plants and washing oversized dishes fuss-free and simple.

Please note, the spray rinse is an integral component of the complete tap assembly and cannot be added later to a standard kitchen mixer.

All Shaws by Perrin & Rowe taps feature precision, German-made quarter-turn ceramic disc valves for accurate temperature control and smooth operation.

Finish: Chrome, Nickel, Pewter, English Bronze, Satin Brass (living finish), Polished Brass (living finish), Gold (special order)

WELS: Primary tap- 7L/min 5 star rating, Spray rinse- 4L/min 6 star rating
