

Manhattan Rimless Back-To-Wall

Designed in Australia, Manhattan boasts crisp contemporary design aesthetics making it a perfect fit for a vast range of bathroom styles. Our superior Rimless technology features a full 360° spiral rapid flushing waterway, which has been rigorously refined to produce a powerful yet water efficient (WELS 4 Star Rating) Flush.

Our one-touch quick release seat coupled with the removal of the rim eliminates areas for dirt and grime to build up so cleaning is a breeze. All Studio Bagno toilets come standard with our CleanMax anti-bacterial self cleaning glaze technology, preventing surface dirt accumulation and bacteria breeding, at no extra cost!

Features: Toilet is supplied as P-trap with adjustable S-trap conversion supplied. Rimless flush

Colours: Gloss White, Matte White

Seat: Supplied standard with quick release 'SOFTCLOSE' seat

Water Inlet: Available as Back or Bottom Inlet
