

Borghi Bath

Essential shape, a welcoming volume and iconic in its essence. The freestanding Borghi bath is made of Cristalmoood or Icemoood. The marked chromatic personality and the typical reflections of the material make it an absolute protagonist of the space, a remarkable element around which to build the bathroom environment. The volume is pure, capacious, ergonomic, lightened by a narrow base.

A detail that defines an image, a solution that determines a feeling of floating in space. Perfect in its pure geometry, balanced in the proportions and overlapping volumes, modern with its subtle edges, the Borghi bathtubs are available in the entire colour range of the antoniolupi Cristalmoood and Icemoood and in the new Mostato, Barriques, Vespero and Notturmo.

Dimensions: L 1800 x W 750 x H 530mm
