

Classic Basin- Lichen

Lindsey Wherrett Ceramics is built on a foundation of traditional craftsmanship and contemporary design training. A dark satin matte glaze with the slow creep of forest lichen green climbing across its surface.

The final glaze will vary within the colour spectrum pictured, as each Lichen basin is made and glazed by hand. Firing in our gas kiln produces unique variations in the glaze each time.

Dimensions: Approximately 395mmø x 125H
(sizing is subject to small variations as this is a handmade product)

Material: Handmade ceramic

Colour: Cool greens and greys reminiscent of lichen creeping across smooth rock. This finish is as timeless as the place that inspired it.

Waste: Designed to accommodate a 40mm waste (not included)
