

Classic Basin- Petrichor

Lindsey Wherrett Ceramics is built on a foundation of traditional craftsmanship and contemporary design training. Surface bursts of molten iron and dark speckles suspended in a glassy finish. These special pieces are part of our 'Art Series' and limited numbers will be released each year.

The finish on each basin will show a range of movement and surface variation, every one is unique, as the changing atmosphere in the gas-fired kiln draws out the natural variations of the clay and glaze materials.

Dimensions: Approximately 395mmø x 125H
(sizing is subject to small variations as this is a handmade product)

Material: Handmade ceramic

Colour: This glaze is subject to variation. Each basin is unique and will show variation across the piece based on the unique firing conditions. This glaze can vary from a glassy crackle with bold metallic spots to a softer matte finish due to the unique firing conditions.

Waste: Designed to accommodate a 40mm waste (not included)
