

Norm Toilet Brush

The slightly rounded shape embodies pure elegance without compromising on stability. With its low centre of gravity, the simple aesthetic outer component in powder-lacquered steel stands firmly on the floor while the inner plastic holder can easily be removed and cleaned. The brushed steel handle provides a comfortable grip and the brush head can be replaced as needed.

Design: Norm Architects

Dimensions: 39.4cm (h)

Material: Steel, Plastic

Colour: White
